A GREENHOUSE FOR THE SOUL

Our Story

At Soularium Academy, we help kids grow the most magical garden of all — their whole selves. Through playful practices, creative exploration, and nature's wisdom, we nurture body, mind, heart, and spirit. Children build lifelong tools to understand themselves, care deeply, and shine brightly. We plant seeds of awareness, tend to resilience, and watch confidence bloom. Our programs are designed to meet kids

where they are, guiding them through everyday transformations with creativity, intention, and joy. Because when children are nurtured in self-love and emotional wisdom early on, they grow into resilient, radiant humans.

Soularium is more than a program. It's a greenhouse for the soul — where every child is seen, supported, and allowed to bloom.

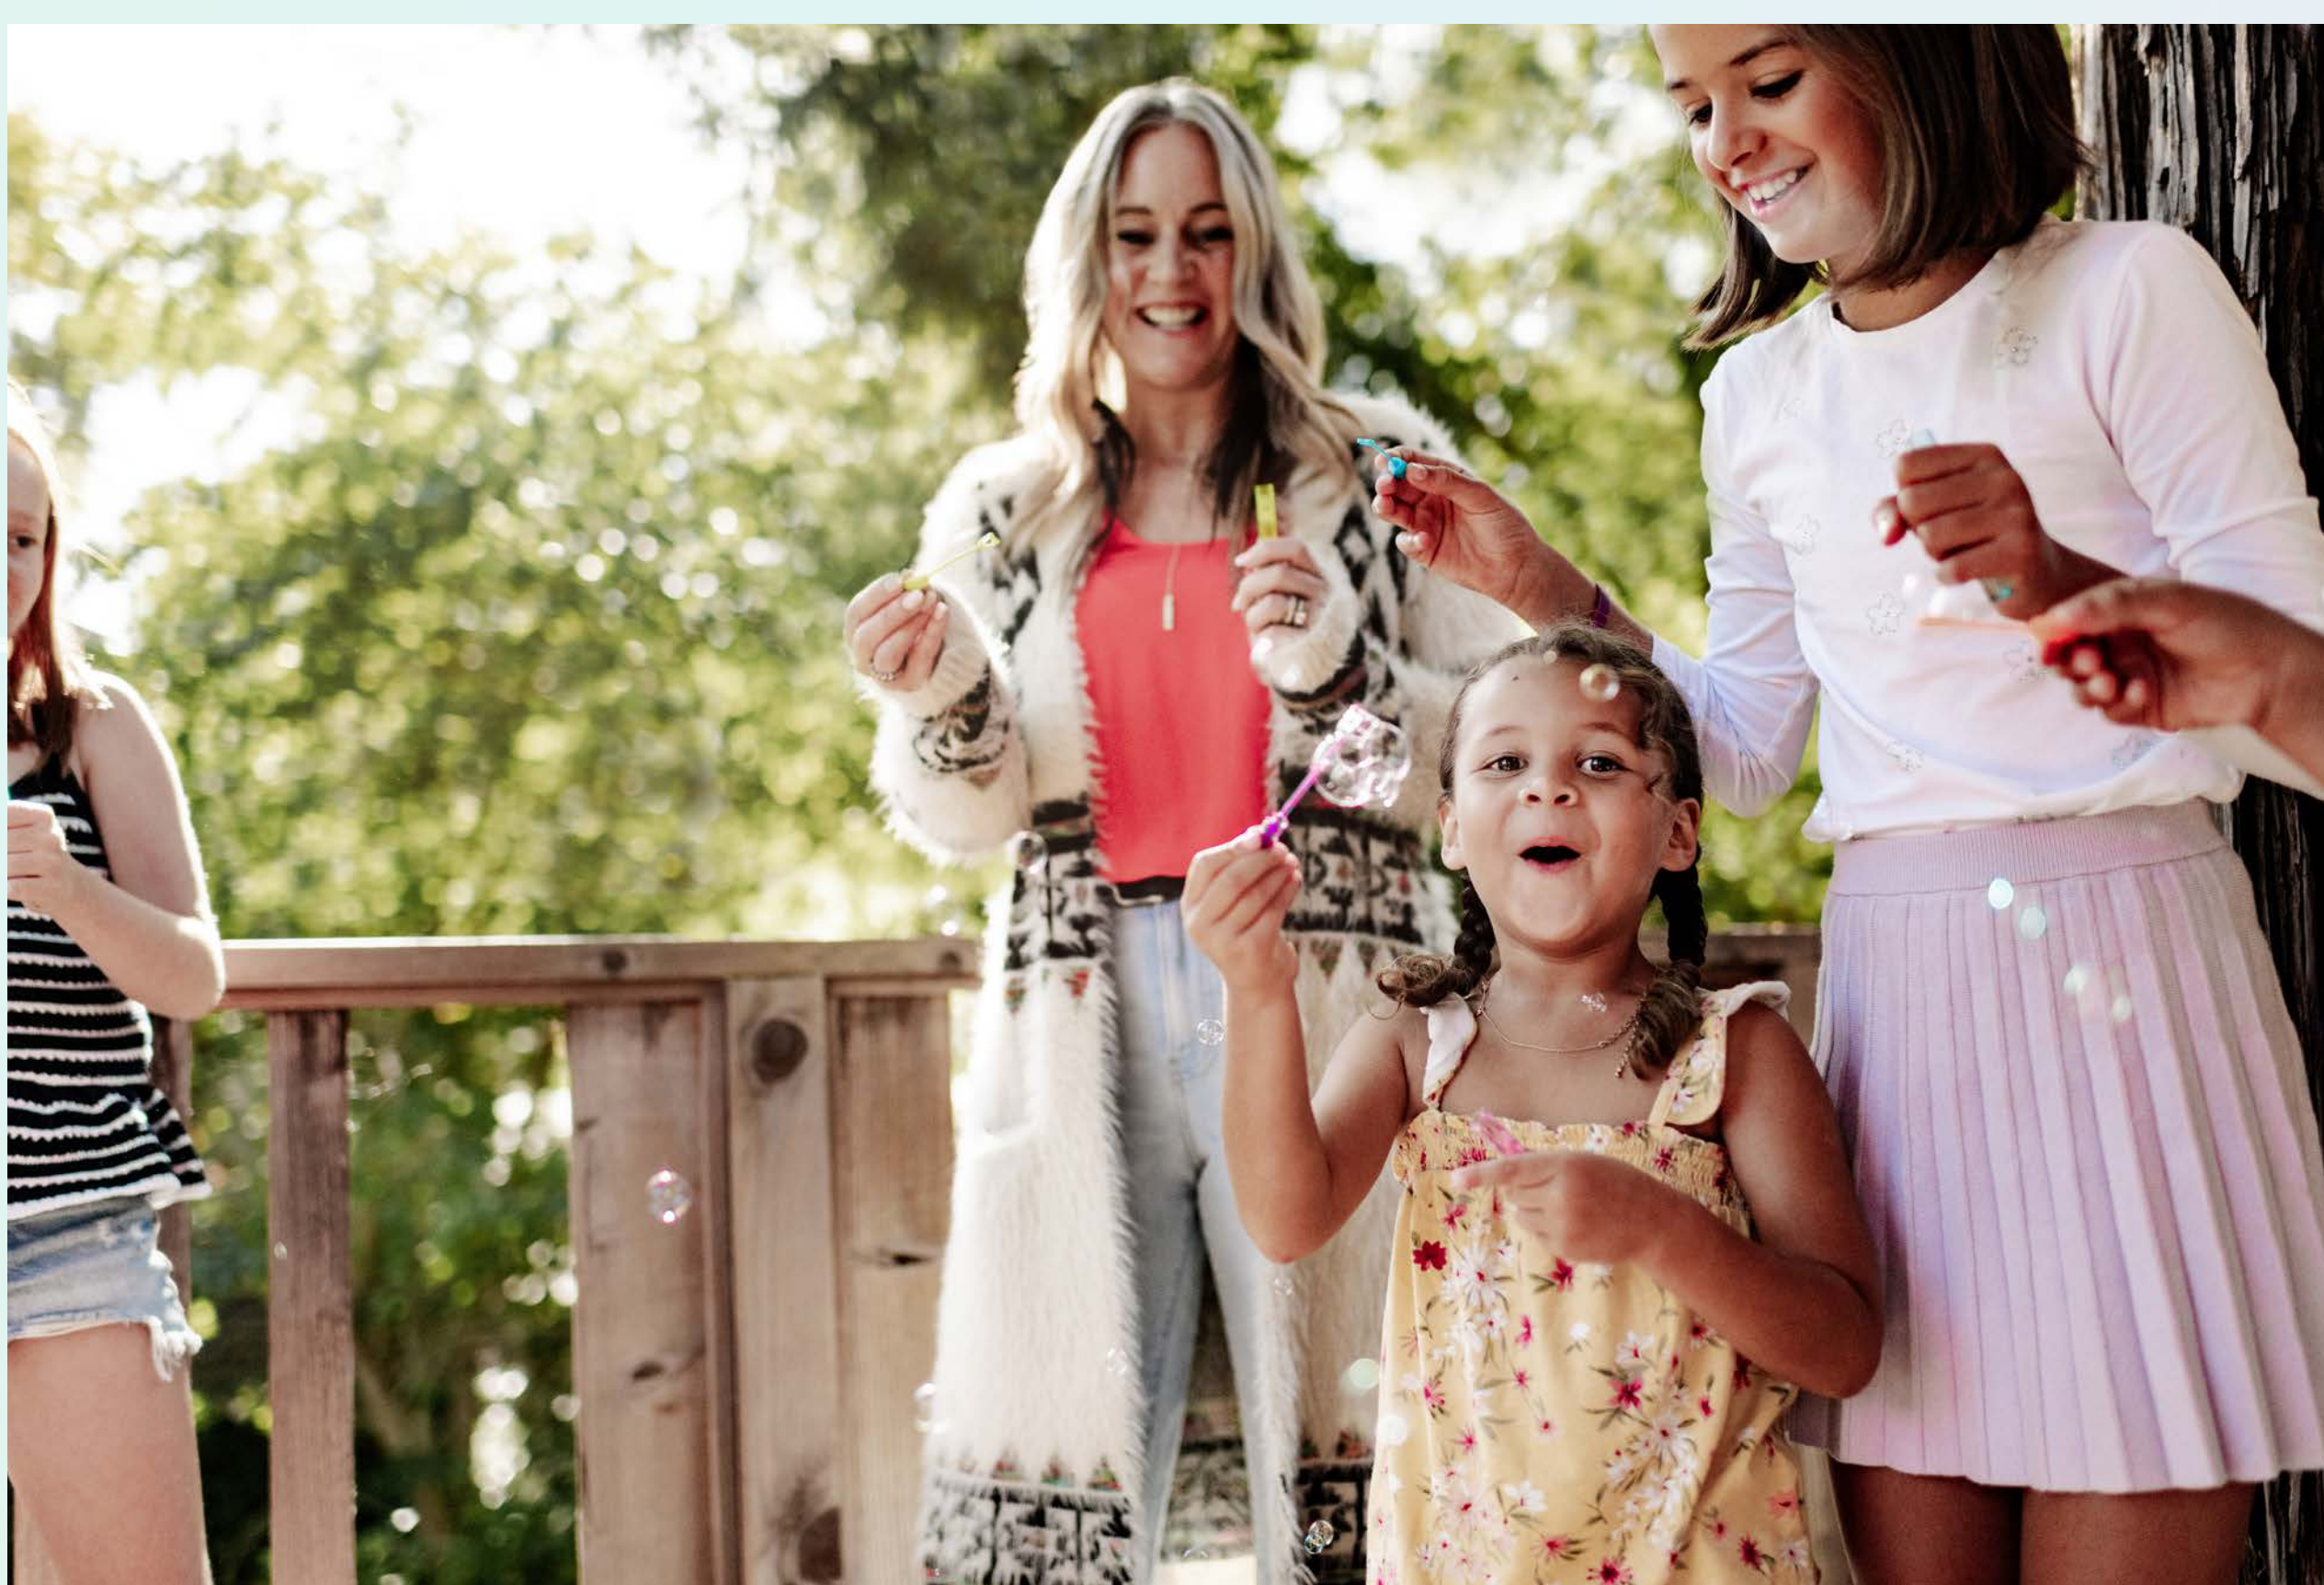

Hi, I'm Holly!

I founded Soularium in 2021 to bring my teaching expertise and reverence for ancient practices, Mother Nature, and the unseen world to my community in the Bay Area. A former elementary school teacher, youth gymnastics coach, and literacy tutor, I bring over 30 years' teaching experience and a Master's Degree in Education from the University of Washington.
